USIS Policy Paper

ACTION REQUIRED - REFERENCES

1.   The attached copy of a USIS policy paper on the Fiftieth Anniversary of the Bolshevik Revolution is being forwarded for the background information of ASSELIN, ERENYI, and other appropriate PBCHORD officials who might find it useful as a very general statement of basic U.S. Government terms of reference for propaganda policy on this subject.

2.   Please inform PBCHORD that GEREENA is currently drafting a short policy paper for TPLINGO to cover the February Revolution and the Provisional Government, as distinct from the October Revolution and subsequent events. This paper should be completed by the time this dispatch is received, and will be forwarded through regular RBAFFIRM channels.
